1. Budgetary Matters - Colonel Giller summarized the current status of Agency budget planning, noting that the decision to hold to present levels was apparently firm, but observing that the Agency as a whole does not appear to be in great trouble. In this connection, [REDACTED] reported that he had been asked by [REDACTED] to pass the word that no one talking with [REDACTED] should give out Agency budget information beyond that directly pertaining to OSA/AF joint programs.

2. Counterinsurgency Schools - Colonel Giller noted that with the present intense interest in the subject of counterinsurgency, several schools are growing up in the intelligence community. General Carter is interested that the CIA fill its quota in these schools, and it is thus possible that the DD/R may be forced to produce some students, despite the fact that DD/R responsibility in these matters is nil.

3. NRO Matters - Colonel Giller announced that there would be a NRO programming session on Tuesday and Wednesday, 24 and 25 July. During the period 30 July - 1 August, Mr. Killian will visit [REDACTED] and there will be an OXCART Penetration Conference also at [REDACTED]

Colonel Giller also announced that the President's Board considered the present NRO agreement to be inadequate in detail, and requested that it be rewritten by 15 September.
